- 1.1 The policyholder is the insured.

 - 1.2.1 Co-insured are the spouse or cohabiting partner of the policyholder and their unmarried children, including foster children, provided they have the same registered domicile in Iceland, are members of the same household and live at the same address.
 - 1.2.2 The policyholder's children and/or those of his spouse who are younger than 18 years of age are also insured, even though they have a different registered domicile in Iceland from that of the policyholder.

2. Insurance amount

- 2.1 The amount of insurance coverage is the amount specified in the insurance policy or the renewal certificate.
- 2.2 The amount of the insurance coverage does not provide proof of the value of the insured interests.
- 2.3 The maximum compensation for each single case of loss or damage, maximum compensation during the period of insurance or for each individual item, pair or set is indicated in the insurance policy or the renewal receipt.
- 2.4 The amount of the insurance coverage is adjusted in accordance with the Consumer Price Index excluding the housing component.
- 2.5 Further details for Individual liability insurance, Legal expenses insurance and Leisure Time Accident Insurance can be seen in Insurance amount chapter for each insurance.

3. Deductible

- 3.1 The amount of deductible is specified in the insurance policy or in the renewal receipt.
- 3.2 If the principal of the indemnification claim does not amount to the insurance deductible, the company will also not pay the cost even when the claim and the cost will, when combined, amount to more than the insurance deductible.
- 3.3 When the maximum compensation is specified as an amount or as a percentage of the amount of insurance coverage, this then refers to compensation when the deductible has been deducted.

4. Multiple insurance

- 4.1 If the same loss or damage is covered by more than one insurance contract, the insured may choose which insurance contract he wishes to apply until he has received the compensation to which he is entitled. If more than one insurance company is liable to pay compensation the companies shall pay compensation proportionally, in accordance with each company's liability to pay compensation, unless otherwise agreed. This does not apply for Individual liability insurance, Trauma Counselling, Leisure Time Accident Insurance, Child Care Insurance, and Baggage delay insurance.

5. Special limitations on liability

6. Violations of the precautionary principles

Complying with the precautionary principles herein is mandatory. In the event of non-compliance with the precautionary principles, the Company may be absolved of its liability, wholly or in part, cf. Article 26 of Act No. 30/2004 on Insurance Contracts.

7. Payment of premiums

- 7.1 The insurance premium is due and payable upon demand.
7.2 Non-payment of premiums can result in loss of rights or cancellation of the policy, as provided for in Article 33 of Act No. 30/2004 on Insurance Contracts.

8. Premium refund

In the event that an insurance contract is cancelled before the period of insurance has expired, the company will return the premium for the period paid by the insured in proportion to the period when the insurance contract was not in effect. This, however, does not apply if an insurance contract has expired because VÍS has fulfilled its obligations by paying in full the agreed amount of insurance coverage for home contents in the event of covered loss or damage.

9. Expiry

- 9.1 As regards the liability insurance contract, the liability of VÍS will expire under the principles concerning the expiration of liability in tort, cf. the second paragraph of Article 52 of Act No. 30/2004 on Insurance Contracts.
9.2 As regards other insurance contracts, entitlement to receive compensation expires after four (4) years. The four-year time limit period shall begin at the end of the calendar year in which the insured received the necessary information about the incident on which his claim is based. The claim to compensation shall expire, however, no later than ten (10) years after the end of the calendar year in which the insurance event.

B. Individual Liability Insurance

Introduction

According to Icelandic law, a person is liable for tort damages with respect to any harm which he/she causes others in a culpable and unlawful manner. This principle is called the culpa rule, and it is a basic principle of Icelandic law. If the person who is subject to a litigation claim for tort damages is not culpable, that person will generally speaking not be liable in tort.

The purpose of a business liability insurance contract is to pay indemnity for the insured person in the event that he/she has incurred tort liability, to the extent that the injured party will not have to cover his/her own loss or damage on account of shared liability or shared accountability, and its purpose is also to pay the cost incurred by the insured party in case a tort claim is made against him/her.

Because liability in tort is frequently a complex legal issue, the insured person has a duty to consult VÍS with respect to his/her legal position if he/she is presented with a claim for tort damages regarding injury for which he/she is believed to be culpable. At the same time, it is recommended that the insured person read the insurance contract terms with this in mind.

An admission of liability in tort by the insured person is only binding upon him-/herself, and not upon VÍS. The insured person, therefore, may by such acceptance incur a risk of personally having to pay tort damages for loss or damage that the business liability insurance policy does not cover.

7. Applicability of the insurance policy

The insurance is valid in Iceland and on travels abroad for up to 92 days from the day of departure from Iceland.

8. Term of insurance

- 8.1 The insurance covers an insurance event that takes place within the insurance period.
- 8.2 If the consequences of an event that damage has been caused by, and which has happened within the insurance period is not revealed until the insurance is no longer valid, the company will, nevertheless, compensate for it.
- 8.3 The company does not compensate for damage caused by an event that took place before the start of the insurance period, even though the damage is only revealed after the insurance period has started.

9. Scope of coverage

The insurance contract compensates:

- 9.1 Any direct personal injury or property damage of items belonging to a third party caused by the insured's liability in tort as an individual under to Icelandic law. For the purposes of this contract, "property" means real estate and personal property, including animals. The insurance will compensate such loss or damage to the extent that the injured party will not have to carry his/her own loss or damage on account of shared culpability or shared liability.
- 9.1.1 Notwithstanding the provisions of Article 9.7.1, the insurance does not cover Category I light motorcycles and bicycles that are not subject to insurance obligations according to the Traffic Act.
- 9.2 Without prejudice to any statutory tort liability, direct physical or property loss or damage of a third party caused by the children (aged less than 10 years), spouse or cohabiting partner of the insured. For the purposes of this contract, "property" means real estate and personal property, including animals. The insurance will compensate such loss or damage to the extent that the injured party will not have to carry his own loss or damage on account of shared culpability or shared liability. Insurance coverage pursuant to this Article does not apply when the child is party to a traffic accident or if the loss or damage is in relation to a registered motor vehicle that is in use.

The insurance contract does not compensate:

- 9.3 Contractual damage, i.e. loss for which the insured is accountable because of non-fulfilment of contract.
- 9.4 Loss or damages caused by the insured parties to each other.
- 9.5 Loss that occurs because of the occupation of the insured, whether in his/her own business enterprise or remunerative work in the employment of another party. "Occupation" also means extra jobs of any kind which the insured performs in exchange for remuneration.
- 9.6 Loss or damage to items which the insured has the use of, or stores, or which are for any other reason in his custody.
- 9.7 Loss or damage for which the insured is responsible because of his/her liability in tort as owner or user of:
 - 9.7.1 Real estate property, aircraft, boats, motorized vehicles or heavy machinery.
 - 9.7.2 Firearms.
 - 9.7.3 Horses, dogs, other domestic animals or pets.

Risk according to Section 9.7 can be insured separately.

- 9.8 Property damage if caused by fire, water from firefighting, smoke, soot or explosion.
- 9.9 Fines, legal costs or other expenses in relation to a criminal case.
- 9.10 Damage that can be attributed to air pollution, ground pollution, pollution of vegetation, sea water, or water. VÍS will, however, compensate such loss or damage if it can be attributed to a single sudden event.
- 9.11 Damage caused by prolonged dampness or water leakage.

9.12 Damage that is attributable to asbestos or a material containing asbestos in some form.

10. Precaution rules

The insured must fully comply with the applicable laws and regulations at any particular time concerning the manufacture, delivery, transportation, storage or custody of explosives, poison or other similar hazardous materials.

11. Insurance amount

- 11.1 VÍS' liability for each single insurance event is limited to an amount of insurance coverage which is specified in the insurance policy or in the renewal receipt. In case of more than one insurance event resulting from the same cause, they will be considered to have been caused by a single insurance event.
- 11.2 Cost that comes about to determine whether or not the insured is liable, and which the company has agreed upon, and interests from the sum insured are paid for, even if the company's payment thus exceeds the sum insured.
- 11.3 If the sum insured amounts to less than the capital of the damages, the company only pays for the part of cost and interests that amounts to the damages it is to pay. However, liability for compensation outside the Nordic countries is limited to the amount of insurance coverage.
- 11.14 The amount of the insurance coverage is adjusted in accordance with the Consumer Price Index.

12. Determining the amount of compensation for personal injury

The insurance policy pays compensation for the personal injury of a third party on the grounds of the Tort Damages Act No. 50/1993.

13. Determining compensation for property damage

- 13.1 Compensation shall be based on the value on the date the damage is incurred.
- 13.2 The company can either pay the estimated cost of repair, or have the damaged item repaired and pay for the cost, if it is possible to repair it, so that it is in a similar state as before the damage and the company believes that it will be worth it.
- 13.3 The company may remit compensation in cash or may procure an article comparable to the damaged article if it is not possible to repair the damaged goods or it is not worthwhile to do so, in the company's estimation. In the event that VÍS has paid compensation under this section, VÍS reserves the right to claim ownership of the item that was damaged.
- 13.4 The company has the right to pay the difference between the value of the goods before and the value after the insurance incident.
- 13.5 The insured shall not profit from an insurance event. The insurance policy shall only compensate the actual loss or damage of the insured.

14. The status of the injured party when loss or damage occurs

- 14.1 If the insurance covers the insured's damage because of the liability the claimant can demand compensations directly from the company. It is mandatory for VÍS and the insured to inform the injured party of any existing liability insurance contract.
- 14.2 If a claim for compensations is made against the company the insured is to be notified without unreasonable delay and informed about the claim's procedure. The accepting of VÍS of certain details that concern liability does not constitute a binding commitment on behalf of the insured person.
- 14.3 In the event that the claimant informs the company that he intends to file a lawsuit against it and the company can then demand that he also files a lawsuit against the insured. VÍS shall notify the injured party of its demand without any unnecessary delay and in a verifiable manner.
- 14.4 With respect to the position of the injured person in other respects, we refer to Article 44 of the Insurance Contracts Act No. 30/2004.

15. Handling of compensation claims

- 15.1 The insured must not admit his liability or make agreements regarding compensations without the company's permission.

- 15.2 The company represents the insured, and is in charge of the complete case procedure, and is in charge of case procedures in the court of law if necessary. The same applies regarding salvage fees or assistance.

C. Legal Expenses Insurance

Introduction

The purpose of Legal Expenses Insurance is to pay legal costs incurred in civil suits. A pre-condition of insurance coverage is that the insured seeks legal assistance. The attorney shall inform VÍS when accepting the case and before further steps are taken. However, the attorney may proceed in matters of urgency. VÍS is required to notify the insured as to whether or not the matter is covered by the Legal Expenses Insurance once satisfactory information has been presented pertaining to the case.

16. Applicability of the insurance policy

The insurance policy applies in Iceland and on travels abroad for up to 92 days from the day of departure from Iceland.

17. Term of insurance

- 17.1 The insurance policy covers disputes that arise during the period of insurance, provided the insurance has been in force for at least two consecutive years. If the insured has been similarly insured with another company, that insurance will be taken into account.
- 17.2 Notwithstanding the provisions of Section 17.1, the insured can nevertheless be recompensed for legal costs if the events or issues that form the basis of the claim happened after the insurance came into force.
- 17.3 If the insured no longer has Legal Expenses Insurance or comparable insurance when a dispute arises, he can nevertheless be recompensed for legal costs from this insurance if it was in force when the events or issues that form the basis of the claim occurred and no more than four years have elapsed since those events or issues occurred.

18. Scope of coverage

The insurance contract does not cover legal expenses:

- 18.1 For a dispute that affects the insured as an individual and which may be brought before a district court for dispute resolution or before the Supreme Court in Iceland. If the dispute is of such a nature that it cannot be brought before a court of law except on the conclusion of legal action in another arena, the insurance contract covers only the costs incurred on the conclusion of such legal action. The insurance contract also covers a retrial, although only when the retrial is permissible and the conditions of Article 17 are fulfilled. The insured is required to seek legal aid except when it is obvious that he does not meet the conditions.

The insurance contract does not cover legal expenses:

- 18.2 In criminal cases.
- 18.3 Disputes or actions that can only be submitted to be ruled upon by the executive branch or by special courts.
- 18.4 Cases concerning legal divorce or cases that may arise in connection with divorce cases. The same applies to cases regarding legal separation and other matters concerning disputes about the custody of children and access rights and paternity suits.
- 18.5 In connection with the insured's occupation or performance in an official capacity.
- 18.6 Concerning commitments into which the insured has entered including third party collateral in real estate.
- 18.7 Concerning financial measures that are unusual or on an exceptionally large scale for an individual or exist because one individual provides guarantees for another.
- 18.8 Concerning claims or other demands that the insured has assigned.
- 18.9 Concerning the insured as the owner of real estate property.
- 18.10 Concerning the insured as the owner, user or operator of a motor vehicle, caravan, trailer-tent or other trailer, aircraft, ship, steamship, motorboat or sailboat including all financial commitments relating to these affects.
- 18.11 Concerning compensation or other claims concerning conduct leading to suspicion or indictment against the insured because of a culpable offence.
- 18.12 Concerning cases involving bills of exchange against the insured where the claim is uncontested or incontestable.

- 18.13 If there are no legitimate interests served by obtaining a judgment in the case. Such interests would not be considered to be present, for instance, if an application for legal aid has for some reason been denied or the granting of legal aid has been cancelled.
- 18.14 Concerning a dispute between the insured and VÍS.
- 18.15 Concerning cases relating to bankruptcy agreements or composition where the insured is insolvent or seeks composition.

19. Choice of litigation lawyer

It is a pre-condition for the liability for compensation that the insured has sought the assistance of a lawyer who will take the case. The insured himself/herself appoints an attorney from among the members of the Icelandic Bar Association. An attorney may not represent him-/herself without the consent of VÍS.

20. Determination of compensation

- 20.1 VÍS will, in connection with each case of loss or damage, pay the necessary and reasonable legal fees and legal costs that the insured cannot reclaim from the opposing party or from the state when the case has reached a conclusion by judgment or a court settlement. This means i.a. that VÍS does not pay if the insured surrenders the opportunity to collect the legal costs from the counterpart with or without legal action.
- 20.2 It is to be considered a single case of loss or damage if the insured parties proceed jointly in a legal dispute or litigation. If the insured is involved in further legal disputes, then such disputes shall be considered to be a single case of loss or damage provided that the asserted claims arise essentially from the same facts.
- 20.3 If a legal dispute arises concerning the reasonableness of a lawyer's remuneration, the insured is required to bring the dispute before the Lawyers' Disciplinary Committee of the Icelandic Bar Association in accordance with Article 26 of the Lawyers Act No. 77/1998.

VÍS reimburses:

- 20.4 Attorney's fees and expenses.
- 20.5 The cost of producing opinion reports, if the insured's lawyer requests an opinion report before the matter goes to court or if it is clear that a judgment will not be forthcoming without such an opinion report.
- 20.6 Costs incurred by the testifying of witnesses or in presenting other evidence before courts of law.
- 20.7 Court expenses.
- 20.8 Legal costs that the insured is ordered by the court to pay to the opposing party at the conclusion of the case.
- 20.9 Legal costs that the insured agrees to pay to the opposing party as part of a court settlement when it is clear that the court would have imposed higher legal costs if the case had proceeded.

VÍS does not reimburse:

- 20.10 The insured's own work, loss of earnings, travel and accommodation expenses or other expenses of the insured.
- 20.11 The enforcement of a judgement, ruling or settlement.
- 20.12 Additional costs incurred by appointing extra attorneys or by replacing attorneys.
- 20.13 Additional costs resulting from the insured or his/her attorney being guilty of negligence in the conduct of the case or having, in any other respect, exhibited negligence.
- 20.14 Higher compensation for legal costs than the amount of the claim, if stated, otherwise the equivalent of the amount of the interests under dispute. The compensation paid, however, will never be higher than the amount of insurance coverage.

21. Insurance amount

- 21.2 In the event that the same attorney and/or same law firm accepts a case where five or more insured parties have the same legally protected interests and their legal proceedings fulfil the conditions provided for in Act No. 91/1991 on Civil Procedure as regards joinder of parties and/or class action, the company will not pay a greater proportion of the insurance amount of the legal costs stated on the insurance policy certificate or renewal receipt than are stated in the following table.

Number	Proportion
5-15	80%
16-30	65%
31-50	40%
51+	30%

22. Recourse

Insofar as compensation under this insurance policy has been paid, VÍS will acquire the right of the insured to receive legal expenses from the opposing party or from the state.

6. Determination of compensation

Introduction

This insurance contract compensates loss or damage of such home contents that are not recoverable under the Home Contents or the Luggage Insurance section of the Family Insurance Policy. This insurance contract does not cover loss or damage that is recoverable under the same insurance contracts even if full compensation will not be paid.

1. Insured interests

The insurance contract covers general home contents and personal items that are commonly used in a household, cf. Section 1.1.1 and 1.2 of the Home Contents Section of the Home Insurance part of the Family Insurance.

2. Applicability of the insurance policy

- 2.1 The insurance is valid in Iceland.
- 2.2 The insurance policy applies during travels abroad for up to 92 consecutive days from the beginning of travel from Iceland and return back home provided that travel insurance is included in the insurance.

3. Scope of coverage

The insurance contract compensates:

- 3.1 The insurance covers loss or damage caused by sudden and unforeseen external circumstances during the insurance period, which are not recoverable under other provisions of the Family Insurance Contract terms, or which are excluded under Sections 3.2 to 3.7 below.

The insurance contract will not compensate:

- 3.2 Loss or damage resulting from normal wear and tear, as well as loss or damage that only causes visual defects but does not diminish the usefulness of the insured item.

5. Identification

In determining its liability, VÍS reserves the right to take into account the conduct of the insured's spouse or registered domestic partner; cf. Article 29 of the Insurance Contracts Act No. 30/2004.

6. Determination of compensation

- 6.1 Compensation shall be based on the value of a new item comparable to the damaged item on the date when the damage occurred. VÍS is authorized to reduce the compensation by an amount corresponding to the reduction in value due to age, use or other factors that may affect the value of the item in question.
- 6.2 VÍS may either pay the estimated cost of repair or get the damaged item repaired and then pay the repair cost if the item can be restored to its pre-damaged condition and it is worth the effort in the opinion of VÍS.
- 6.3 VÍS may pay compensation in cash or procure a similar item to that which was lost or damaged, taking into account the reduction in value under Section 6.1 if the damage to the item is such that repairing it is not feasible, or it is not worth the effort in the opinion of VÍS. In the event that VÍS has paid compensation under this section, VÍS reserves the right to recover the item that was damaged.
- 6.4 VÍS has the right to pay the difference between the value of the item that was damaged as the value stood prior to the insurance event and the value after the insurance event.

VI. Leisure Time Accident Insurance

Contents:

1. Applicability of the insurance policy
2. The term "accident"
3. Scope of indemnity

4. Insurance amount
5. Determination of compensation

1. Applicability of the insurance policy

- 1.1 The insurance policy applies anywhere in the world.
- 1.2 Notwithstanding the provisions of Section 1 of the General terms, the insurance contract is valid for students studying abroad for up to 9 months from the day of departure from Iceland if the student keeps his legal address in Iceland.

2. The term “accident”

The term “accident” refers to a sudden external event causing personal injury to the insured person and occurs without his/her consent. In the case of injury to extremities, only a sudden event that causes physical injury to the insured and occurs against his/her will is required.

3. Scope of coverage

- 3.1 VÍS pays compensation for an accident which the insured suffers during his/her leisure time, in the performance of domestic duties, education where the student does not get paid or when participating in sports activities if this causes:
 - 3.1.1 Death.
 - 3.1.2 Permanent medical disability.
 - 3.1.3 Temporary loss of work capacity.
 - 3.1.4 Broken tooth.

The company shall also bear medical expenses in Iceland:

- 3.2 If compensation is paid due to permanent disability or temporary loss of ability to work, VÍS will also pay medical costs in Iceland with respect to the same accident. Medical costs will not be paid until the commencement of payments for disability or temporary loss of work capability. The maximum payments for each individual case of loss or damage are listed in the insurance policy or renewal receipt.
 - 3.2.1 Medical expenses in Iceland will only be paid against the presentation of a copy of the original invoice. Medical costs in Iceland means costs that are approved by Sjúkratryggingar Íslands (Icelandic Health Insurance).
 - 3.2.2 Notwithstanding the provisions of Article 3.3, VÍS pays compensation for accidents caused by Category I light motorcycles according to the Traffic Act.

VÍS does not pay compensation for accidents:

- 3.3 Caused by the use in Iceland of a motor vehicle subject to registration, or a motor vehicle that is registered abroad where there is mandatory insurance for such vehicles against such accidents.
- 3.4 During participation in competitions or during training sessions in preparation for competitions in any sport if the insured has reached the age of 16 years. Sports refers to individual- and team sports which are trained for regularly under coach supervision connected to a club or an organization which focus on sports competition.

Those restrictions do not apply for public participation in competition or preparation for golf, road cycling, triathlon, cross country- or street running.
- 3.5 In fighting, wrestling or self-defense sports where the object of the sport in question is to hit, punch or kick the opponent or to tackle the opponent in any other manner. This exemption, however, does not apply to children below the age of 16.
- 3.6 In driving sports. This exemption, however, does not apply to children below the age of 16.
- 3.7 During cliff rappelling and cliff, mountain and ice climbing.
- 3.8 When mountain hiking of any sort higher than 4,000 m above sea level.
- 3.9 When scuba diving with an oxygen tank and during free-diving (without oxygen) to a depth greater than 10 m.

Risks according to Section 3.4 to 3.9 can be insured separately.

- 3.10 During hot-air ballooning and glider, kite, hang-gliding, ultralight aircraft flights and other comparable activities.
- 3.11 In bungee jumping, sky-diving and base jumping and other comparable activities.
- 3.12 Occurring during flying, unless the insured is a passenger on a scheduled or chartered flight operated by a party having the requisite aviation authority permits.

- 3.13 Occurring during participation in fist-fights or a criminal offence.
- 3.14 Occurring due to indoor tanning, medical treatment, surgical procedures or use of medicinal products, unless the treatment is undertaken on the advice of a physician due to a recoverable accident.
- 3.15 Occurring due to painkilling drugs or barbiturates.
- 3.16 Occurring as a result of toxic gases unless these have occurred without warning and against the will of the insured.
- 3.17 Caused by food- or beverage-poisoning.
- 3.18 Occurring from infections caused by insect bites or stings.
- 3.19 Directly or indirectly caused by acts of terrorism, any sort of biological or chemical effects and/or poisoning, including those caused by microbes and viruses, or when the consequences of an accident are more severe because of these factors.
- 3.20 Occurring during travel directly to and from work.

4. Insurance amount

- 4.1 If the insured is 60 years of age or older, the amount of insurance coverage for permanent medical disability will be the following percentages of the insurance coverage for disability benefits:

Age	Percentage
60 to 62 years	95%
63 to 64 years	90%
65 to 66 years	85%
67 to 68 years	70%
69 to 70 years	60%
71 to 72 years	50%
73 to 74 years	40%
75 to 76 years	30%
77 years and older	20%

- 4.2 Children younger than 16 years are not covered for temporary loss of ability to work and not for death benefits more than 25% of the Accident Insurance death benefits.
- 4.3 Persons aged 67–70 years are insured for 50% of the amount of insurance coverage for temporary loss of work capacity.
- 4.4 Persons aged 71 years and older are not insured against temporary loss of work capacity.
- 4.5 Persons aged 70 years and older are not insured for death benefits greater than the equivalent of 25% of the accident insurance's death benefits.
- 4.6 Compensation amounts are calculated on the basis of the amount of insurance coverage on the date of the accident as follows:
 - 4.6.1 Death benefits change in direct proportion to changes in the Consumer Price Index from the date of the accident to the date of death.
 - 4.6.2 Disability benefits change in direct proportion to changes in the Consumer Price Index from the date of the accident to the day of settlement. The duration of the indexation of disability is, however, never longer than three years from the date of the accident.
 - 4.6.3 Per diem benefits change in direct proportion to changes in the Consumer Price Index from the date of the accident and the whole period when loss of ability to work is actual.

5. Determination of compensation

5.1 Death Benefits

- 5.1.1 If the insured dies as a consequence of an accident within one year from the date of the accident, then death benefits will be paid, less benefits that VÍS may have paid to the insured for permanent disability for the same accident.
- 5.1.2 If the insured has no dependents, only 25% of the accident insurance's death benefits will be paid. A dependent is a child or an adult individual in the care of the insured.

- 5.1.3 If the insured dies as a result of an accident when more than one year has elapsed from the accident, but before the final disability assessment has been performed, compensation shall be paid in accordance with the interim disability assessment, with the amount, however, never exceeding the amount which the death benefits would have been.
- 5.1.4 Death benefits are only paid if the accident is the direct and only cause of the death of the insured. If a disease, debilitation or pathological condition suffered by the insured is a contributing factor to his death, no death benefits will be paid. This applies whether this condition was present when the accident occurred, or entered later, without, however, being a direct and the sole consequence of an accident covered by the insurance contract.
- 5.1.5 VÍS has the right to request a post-mortem to ascertain the cause of death and other matters that may affect the liability of VÍS.
- 5.1.6 Death benefits are paid to the insured person's spouse. In the absence of a spouse, the benefits will be paid to the statutory heirs or testamentary heirs.

5.2 Compensation for permanent medical disability

- 5.2.1 If an accident causes the insured permanent physical injury within three years from the date of the accident, disability compensation shall be paid.
- 5.2.2 No compensation is paid for permanent medical disability if such disability is less than 15%.
- 5.2.3 The disability shall be assessed as a percentage in accordance with the applicable indices of the Disability Committee concerning the degree of disability when the disability assessment is performed. When assessing the disability, no account shall be taken of the injured person's occupation, special abilities or status in society. Accidents which only cause disfigurement shall not be assessed with respect to disability. If there is any likelihood that the condition of the insured may be improved through surgery or other such treatment, it is mandatory to take into account the possible improvement that such treatment could involve. If the injury of the injured person is not included in the disability level indices of the Disability Committee, it shall be evaluated separately based on the indices.
- 5.2.4 Compensation for permanent disability will be paid in proportion to the base amount of insurance coverage that was applicable on the date of the accident in such a way that each point of disability rating from 26% to 50% shall have double weight and each point of disability rating from 51% to 75% shall have triple weight and each point of disability rating from 76% to 100% shall have quadruple weight. Compensation paid for 100% permanent disability will therefore be 250% of the base amount of insurance coverage.
- 5.2.5 If the loss of extremities, eyesight or hearing is not total, the disability will be paid in proportion thereof. If extremities become totally useless, it will be considered as loss of such extremity. If they are in some respects useful, the disability will be calculated in proportion thereof.
- 5.2.6 The loss or deformity of an extremity or organ which was useless prior to the accident does not provide entitlement to benefits for permanent medical disability. As regards the loss or deformity of an extremity or organ which was already deformed prior to the accident, the disability shall be assessed taking into account the deformity prior to the accident.
- 5.2.7 The disability shall normally be assessed one year after the accident, otherwise when a physician thinks that the permanent consequences of the accident have materialized, but, however, no later than three years after the date of the accident.
- 5.2.8 If an accident causes permanent medical disability, VÍS and the insured must agree on one competent physician performing the assessment of the consequences of the accident.
- 5.2.9 VÍS does not conduct or pay for assessment of medical disability if it is clear that, in the opinion of VÍS, available data and/or indices of the Disability Committee concerning the degree of disability, the minimum according to article 5.2.2 will not be met.

5.3 Compensation for temporary loss of work capability

- 5.3.1 If an accident causes the insured to temporarily lose work capability that is less than 50% of normal work capability, VÍS will pay per diem payments. Per diem payments are paid in proportion to the loss of work capability from the end of the waiting period and for as long as the insured is unable to work in the assessment of a physician or the loss of work capability has become permanent according to a medical certificate or a disability assessment. Per diem payments, however, will not be paid for more than 44 weeks and not for any periods following three years from the date of the accident.
- 5.3.2 "Waiting period" means the period which, according to the insurance policy or renewal receipt, must pass from the day of the accident until per diem payments commence. Per diem payments are not made during that period.
- 5.3.3 VÍS makes a decision regarding the payment of per diem payments on the basis of medical certificates and other available documentation.
- 5.3.4 If the loss of work capability of the injured is to some extent attributable to causes other than the accident, the per diem payment shall decrease in direct proportion to the part that these causes affect the loss of work capability.
- 5.3.5 VÍS will not compensate temporary loss of work capability that is less than 50% of normal work capability.

5.4 Compensation for broken teeth

- 5.4.1 VÍS pays for repairs to healthy and properly repaired teeth which break or are damaged in an accident.
- 5.4.2 Payment by VÍS is limited to 6,3% of the base amount of insurance coverage for disability for each accident, and accrued payments, with respect to accidents over one insurance year, are limited to 10% of the same amount.
- 5.4.3 VÍS does not, however, compensate broken teeth occurring in a work-related accident, cf. the Social Security Act, or broken teeth that break while the insured is eating.
- 5.5 VÍS may have a physician of its choice examine the insured.
- 5.6 VÍS is entitled to gather information on the earlier health of the insured after having obtained the approval of the insured.
- 5.7 VÍS pays the cost of necessary medical certificates in connection with an insurance event when such certificates are obtained at the request of VÍS.

- 1.4 Of government quarantine.
- 1.5 Of summons to the insured to testify in court.
- 1.6 Of work that the insured cannot avoid performing according to legal provisions on mandatory quarantine.

- 1.7 The insured is not able to travel due to government restrictions caused by an epidemic
- The insurance contract does not compensate pre-paid travel expenses:**
- 1.8 Because of an illness that was pre-existing prior to the purchase of the insurance policy or which existed when the travel costs were paid.
- 1.9 Because of diseases occurring during the ninth month of pregnancy.
- 1.10 A serious accident that occurred before the insurance was purchased or had already occurred when the travel costs were paid.
- 1.11 accidents suffered by the insured and are exempted in Articles 3.5–3.11 in the Leisure Time Accident Insurance section of the insurance.
- 1.12 For parties other than those covered by the insurance under Section 1 in General terms.
- 1.13 Because of obligations towards a carrier, travel agency, hotel or tenants when no payments have been made.
- 1.14 Because of loss or damage caused by neglecting to inform a travel agency or the entity organizing the transportation craft or accommodation that it was necessary to cancel the journey.
- 1.15 Because of airport taxes and other charges that may be collected from carriers.

2. Determination of compensation

- 2.1 VÍS will pay the amount that the insured has paid in advance for his/her trip in accordance with the original copy of the invoice.
- 2.2 The insured shall submit the necessary documents for a claim for compensation, e.g. medical certificate, travel ticket and receipt for the payment of travel expenses.
- 2.3 The insured shall not profit from an insurance event. The insurance policy shall only compensate the actual loss or damage of the insured.

B. International Travel Health and Travel Interruption Insurance

3. Applicability of the insurance contract

The insurance applies:

- 3.1 During leisure time when travelling abroad for up to 92 consecutive days from the day of departure from Iceland.
- 3.2 During work, paid or unpaid, when travelling abroad for up to 92 consecutive days from the day of departure from Iceland if this involves business meetings, office work, conferences or theoretical courses.
- 3.3 In academic study abroad for 92 consecutive days from the beginning of the journey from Iceland.

Most jobs which do not fall under the scope of article 3 can be insured separately.

4. Scope of indemnity

If the insured sustains an accident, becomes ill or dies while travelling abroad, the insurance contract will pay compensation for:

4.1 Medical expenses

- 4.1.1 Hospitalization abroad, including medical assistance, medicinal products and other services provided by the hospital. The stay and treatment shall be ordered by a physician, and payment shall be based on a general hospital in the country in question.
- 4.1.2 Medical assistance and medicinal products recommended by a physician.
- 4.1.3 Pain relieving dental repair in an emergency. The maximum compensation for dental repair is 1% of the maximum amount of insurance coverage for medical expenses.

4.2 Extended cost

- 4.2.1 Extra expenses for special hotel accommodation when the physician is of the opinion that treatment can take place in a hotel. These expenses include, e.g. nursing costs and medically recommended diet. The maximum compensation per 24 hours for such cost is 1% of the maximum amount of insurance coverage for medical expenses.

- 4.2.2 Extra expenses for the return trip, or travel to return to a predetermined travel schedule due to delays caused by the hospitalization of the insured at the recommendation of a physician, including the travel expenses of a companion, if the physician thinks such travelling companion is necessary.
- 4.2.3 Additional travel expenses and accommodation costs of a travel companion when the insured is injured, becomes seriously ill or dies during his travel, if such companion is accompanying the insured or is summoned to the location of the insured, in consultation with the VÍS consulting physician. The maximum compensation for these costs is 6 % of the maximum amount of insurance coverage for medical expenses.

4.3 Patient transport

If the physician who has attended the insured because of illness or accident during travel is of the opinion that travel back home is necessary and that normal means of travel are adequate, his written confirmation will suffice for VÍS. In such cases, extra expenses for the travel home, such as an extra seat, more expensive seat, etc. will be paid. If the illness or accident is so serious that the physician is of the opinion that the insured must be transported home in another manner, a written confirmation by the VÍS consulting physician responsible for such transport will be needed.

4.4 Transport of the deceased

In the event of the death of the insured during his travel, VÍS will pay for the transportation of the deceased as well as the additional cost for his travel companion as well as costs resulting from mandatory arrangements that have to be made.

4.5 Expenses in connection with holiday trip

- 4.5.1 If a holiday trip is cut short due to the instruction of a physician before the trip has reached its half point or if the insured has stayed in a hospital for at least half the travel period, VÍS pays the cost of the patient's trip. If a trip is cut short without the above conditions being met, VÍS pays neither for the unused part of the travel expenses nor for a new trip overseas to replace the trip which was abandoned.
- 4.5.2 The maximum compensation for reimbursement of a holiday trip is 6% of the maximum amount of insurance coverage for medical expenses.

4.6 Expenses in connection with travel abandonment

- 4.6.1 The necessary additional expenses of returning to Iceland if the insured is forced to abandon his overseas stay due to:
 - 4.6.1.1 Death, serious accident or a sudden and serious illness of a spouse, children, children's children, parents, grandfather, grandmother, parents-in-law, children-in-law or siblings of the person insured.
 - 4.6.1.2 Substantial property damage to the insured's home or private business which necessitates the presence of the insured. VÍS must be consulted as to whether it is necessary to return home.
- 4.6.2 The maximum compensation for travel abandonment is 6% of the maximum amount of insurance coverage for medical expenses.

The insurance contract does not compensate:

- 4.7 Hospitalization cost because of diseases occurring during the ninth (9) month of pregnancy, during childbirth or abortion.
- 4.8 Hospitalization cost because of chronic diseases and accidents for which the insured has received medical assistance or treatment during the past twelve (12) months.
- 4.9 Medication costs for drugs that the insured has been using on a regular basis before the trip commenced.
- 4.10 Medical costs because of continuing medical treatment, if the insured refuses to be transported home despite the recommendation of the physician attending him/her and the recommendation of VÍS' consulting physician.
